Located conveniently in the center of Wrentham, we are an independent music store offering lessons, repairs and instruments. We concentrate on being a community and family oriented business. We specialize in beginners, so don't be afraid to ask any questions you may have.

We offer music lessons to hundreds of students each week. Parents are always welcome to join their children in the lesson or they can relax in the lounge area. We also have a children's area for siblings to pass the time.

From our full service repairs to the knowledgeable staff, we strive to serve local musicians from student to professional. We carry musical accessories and sheet music for every instrument. Everything from guitar strings and drum sticks to clarinet reeds and violin shoulder rests. Recently, we began offering a selection of new and used guitars and amps. Please call or stop by the store or give us a call if you need something. We try to stock most common items and can special order (for no additional charge) anything we don't have.

What lessons do we offer, and what is the cost?

Lessons for piano, guitar, bass guitar, drums, percussion, and voice are all available. As long as you sign up for a month at a time, all lessons are \$28 per thirty minute lesson.

How are lessons scheduled?

Most students take a 30 minute private lesson once a week. The lesson is at the same time each week. As you advance or depending on your own needs, additional lessons may be taken or you may choose to do hourly lessons. Unfortunately we cannot schedule every other week lessons.

How long does it take to learn?

This can vary depending on several factors but usually comes down to one thing...PRACTICE. One legendary instructor put it this way, "It's not the years, its the hours."

What if I don't have an instrument?

We offer instruments for sale or rental. We have chosen several good quality entry level instruments that are appropriate for lessons.

Anything else I should know?

Our instructors have backgrounds in music education and performing. They are comfortable teaching students of all ages and abilities. The lessons take place in the comfort of our lesson studios in the store. Students receive a music education based upon their individual needs and strengths using traditional and modern music and styles. We pride ourselves on offering a well rounded musical education.
